Re: Paragon Engineering Services

To Whom It May Concern:

CMW Group, Inc. is pleased to have this opportunity to extend a recommendation for Paragon engineering services. We have worked on several projects with Paragon Engineering Services (Jim Sanford) over the last few years. We have found that the workmanship and the attention to detail a great asset to the completion of the projects. Paragon has been able to stay within the budget and deadlines set for the project which has made it possible for our firm and theirs to be competitive in today's market.

CMW Group, Inc. looks forward to a continued working relationship with Paragon Engineering Services and feels confident in recommending them for projects with our firm and others.

Sincerely,

Richard M. Washburn
